The image shows a composite of two screenshots. The top screenshot is the L Brands login page, featuring a 'PLEASE USE YOUR L BRANDS NETWORK ID AND PASSWORD TO LOGIN' form with fields for 'User Name' and 'Password'. Below the form is a 'GO' button and a 'User Agreement' checkbox. To the right of the form are images of L Brands products and models. The bottom screenshot shows the PingID app interface on a smartphone. The app screen displays a large red 'iD' logo and a 'Cancel Authentication' button. To the right of the app screenshot is a blue banner with the L Brands logo and text: 'Information security is a top priority at L Brands. We now require two forms of authentication when you log into systems that contain sensitive data.' Below this text are three numbered steps: 1. Download the PingID app from your phone's app store. 2. Click the "I already installed the PingID app" button below. 3. Follow the on screen enrollment instructions. At the bottom of the banner are two buttons: 'Enter your email address' and 'Get Download Link'. Below these buttons is a link: 'Click here to select email or other MFA methods.' At the very bottom of the banner are two logos: 'Available for iPhone & iPad' and 'Available for Android'.
